Apostle Island National Lakeshore TRAVEL WISCONSIN

Wisconsin is a state well worth exploring. It has a breathtaking natural landscape and more than 1,000 miles of shoreline along the Great Lakes and

Mississippi River—ideal for kayaking, fishing, paddle-boarding and other water sports. Hikers will love the state's 17.1 million acres of forest area.

But, of course, the state of Wisconsin is large, so it's good to pick one section to explore during your vacation. Families who love active adventure trips will especially love Bayfield County, Wisconsin which has plenty of options for sailing, hiking, kayaking, SUP and biking. Of course, the star of the show is the Apostle Islands National Lakeshore. It's often referred to as the Jewel of Lake Superior and for good reason.

Activities in the Apostle Islands Region

Kayaking along the sea caves at Apostle Islands in Bayfield. TRAVEL WISCONSIN

A highlight is **kayaking to the sea caves in Apostle Islands National Lakeshore**. If it's a windy day or the currents are strong, it can be quite the kayak ride, but well worth the physical exertion to get up close to these amazing caves. They are carved out of the sandstone cliffs along Lake Superior's shore. Book a half-day sea cave paddle with [Whitecap Kayaks](#). The caves were created by centuries of wave action as well as the freezing

and thawing of the bottom part of the sandstone cliffs. The result is beautifully sculpted shorelines throughout Apostle Islands National Lakeshore. You can see vaulted chambers, carved arches, honeycombed passageways and more when you kayak up close to these caves. For a true adventure, book an overnight camping/kayak trip. You'll be able to see numerous islands and caves on this trip and you'll get the experience of staying overnight in the actual national park.

You can sit back and take in the views of the Apostle Islands and Lake Superior, while the guide gives some background about the area or you can take an active role in the actual sailing. The company is owned and operated by brothers Josh and Abe Clark, both of whom have a love for sailing and wanted to share their passion with the public.
